1.	27/8/26	Numpy Array programs	
2	10/8/26	Working of Pandas	
3.	10/8/26	Working on basic Scenario	
4.	17/8/26	Performing data Preprocessing on a given data set.	
5.	17/8/26	Dataset splitting & cross validation using Iris Data.	
6	27/9/26	Linear Regression using Iris data set.	
7.	27/9/26	KNN classification using Iris data.	
8.	27/9/26	SVM classification using Iris data.	
9.	5/10/26	Implementation of k-Means clustering using Iris Dataset	
10	5/10/26	Hierarchical clustering using Iris data.	
11.	5/10/26	Implementation of Random forest & Analyze Performance.
